In the age of dynamic changes, everything is changing very rapidly. The technology of today is getting obsolete tomorrow. Most of the countries have adopted or going to adopt IFRS which prescribe that Books of Accounts should be stated at fair valuation. It necessitates that as the organizations adjust their financial statements accordingly, the Company Secretaries also equip themselves with the intricacies & techniques of Valuation. Recognizing this, ICSI-CCGRT is launching this Certificate Course on Valuation, which has been modeled in self study, class room training, case study & presentation.

This Certificate Course would:
- Give an insight into various conceptual, technical & procedural aspects of valuation
- Provide a framework for business valuation & give practical exposure on applying the valuation principles in different situations.
- Enable to carry out the valuation assignments with confidence & commendable skills.
