

Dear Member (s),

Do you want your children to be ready with the 21st Century skills? Teach them Coding this summer. Let us introduce you to the fascinating World of Programming!

Coding for Kids

(AN IIT-IIM ALUMNI INITIATIVE)

We all are aware that the kids these days are way ahead of their parents in terms of technology and devices. So why not provide them a platform to understand the logic behind it!

This exciting activity is new and happening at APPLE BLOSSOM , Sector 46 Gurugram **starting 3 June for students between 7-15** years by SIMPLY DIGITAL , The digital School. This coolest Summer Camp will provide your child a platform to develop programming which has become just as important as reading and writing today.

Right age group to learn Coding ?

- **Game Development** – Between 7-11 yrs
- **Website Development** – Between 11-13 yrs
- **PYTHON** – Between 12-15 yrs
- **ROBOTICS** – Between 12-15 yrs
