Lesson 12 - Basics of Goods and Service Tax “GST”

1. Clarification on doubts related to scope of “Intermediary”

(Circular No. 159/15/2021 – GST, dated September 20, 2021)

‘Intermediary’ has been defined in the sub-section (13) of section 2 of the Integrated Goods and Services Tax Act, 2017 as under–

“Intermediary means a broker, an agent or any other person, by whatever name called, who arranges or facilitates the supply of goods or services or both, or securities, between two or more persons, but does not include a person who supplies such goods or services or both or securities on his own account.”

Primary Requirements for Intermediary Services

The concept of intermediary services, as defined above, requires some basic prerequisites, which are discussed below:

Minimum of Three Parties: By definition, an intermediary is someone who arranges or facilitates the supplies of goods or services or securities between two or more persons. It is thus a natural corollary that the arrangement requires a minimum of three parties, two of them transacting in the supply of goods or services or securities (the main supply) and one arranging or facilitating (the ancillary supply) the said main supply. An activity between only two parties can, therefore, NOT be considered as an intermediary service. An intermediary essentially “arranges or facilitates” another supply (the “main supply”) between two or more other persons and, does not himself provide the main supply.

Two Distinct Supplies: As discussed above, there are two distinct supplies in case of provision of intermediary services;

1. Main supply, between the two principals, which can be a supply of goods or services or securities;
2. Ancillary supply, which is the service of facilitating or arranging the main supply between the two principals. This ancillary supply is supply of intermediary service and is clearly identifiable and distinguished from the main supply.

Brief Analysis

The definition of intermediary services specifically mentions that intermediary “does not include a person who supplies such goods or services or both or securities on his own account”. Use of word “such” in the definition with reference to supply of goods or services refers to the main supply of goods or services or both, or securities, between two or more persons, which are arranged or facilitated by the intermediary.

It implies that in cases wherein the person supplies the main supply, either fully or partly, on principal to principal basis, the said supply cannot be covered under the scope of “intermediary”.

10. CBIC amends to exclude specified actionable claims [Notification No. 50/2023 – Central Tax Dated: 29th September, 2023]

Notification No. 50/2023-Central Tax introduces a significant change to the existing tax framework. It specifies that with effect from the 1st October, 2023, a specific exclusion shall be made within Notification No. 66/2017-Central Tax. The exclusion pertains to registered persons who are engaged in the supply of specified actionable claims, as defined in clause (102A) of section 2 of the CGST Act, 2017.

This exclusion signifies that registered person dealing with specified actionable claims, which have been distinctly defined, will not be eligible for the composition levy under section 10 of the CGST Act. This amendment narrows the scope of individuals and businesses that can benefit from the composition levy, excluding those involved in the specified actionable claims category.

12. Tax on passenger transportation services by omnibus except where the person supplying such services through ECO is a company, payable by ECO [Notification No. 16/2023 CT(R) dated 19.10.2023 and Notification No. 19/2023 IT(R) dated 19.10.2023]

The Government, on the recommendations of the GST Council, notify specific categories of services the tax [CGST/SGST/IGST] on supplies of which shall be paid by the electronic commerce operator (ECO) if such services are supplied through it.

Such services shall be notified on the recommendations of the GST Council [Section 9(5) of the CGST Act/Section 5(5) of the IGST Act].

Notification No. 17/2017 CT (R) dated 28.06.2017/ Notification No. 14/2017 IT (R) dated 28.06.2017 as amended has notified the specific categories of services the tax on supplies of which shall be paid by the electronic commerce operator (ECO) if such services are supplied through ECO. Thus, with effect from 20.10.2023, the tax on services by way of transportation of passengers by an omnibus provided by a company through ECO is not payable by ECO. It will be payable by the company itself.

13. Clarification on taxability of shares held in a subsidiary company by holding company [Circular No. 196/08/2023 GST dated 17.07.2023]

The issue which arose for consideration is whether the holding of shares in a subsidiary company by the holding company will be treated as 'supply of service' and whether the same will attract GST or not.

It is clarified that securities are considered neither as goods nor as services in terms of definition of goods under section 2(52) and the definition of services under section 2(102). Further, securities include 'shares' as per definition of securities.

This implies that the securities held by the holding company in the subsidiary company are neither goods nor services. Further, purchase or sale of shares or securities, in itself is neither a supply of goods nor a supply of services. For a transaction/activity to be treated as supply of services, there must be a supply as defined under section 7. It cannot be said that a service is being provided by the holding company to the subsidiary company, solely on the basis that there is a specific SAC2 entry '997171' in the scheme of classification of services mentioning; "the services provided by holding companies, i.e. holding securities of (or other equity interests in) companies and enterprises for the purpose of owning a controlling interest.", unless there is a supply of services by the holding company to the subsidiary company in accordance with section 7.

Therefore, the activity of holding of shares of subsidiary company by the holding company per se cannot be treated as a supply of services by a holding company to the said subsidiary company and cannot be taxed under GST.

14. Casinos, horse racing and online gaming excluded from the purview of Schedule III to clarify their taxability [Entry 6 of Schedule III amended]

Earlier, as per Entry 6 of Schedule III, actionable claims were outside the purview of GST. However, the betting, gambling and lottery were an exception. Thus, only lottery, betting and gambling were treated as supply. All other actionable claims were outside the ambit of definition of supply. In 50th GST Council meeting, the taxability of three other actionable claims namely, online money gaming, casinos, and horse racing and rate and value applicable thereon, were discussed. Thereafter, it was recommended that Entry 6 of Schedule III needs to be amended to clarify the taxability of these actionable claims. Further, the rate applicable on them is 28% and valuation would be prescribed under Valuation Rules.

With effect from 01.10.2023, Entry 6 has been amended by the CGST Amendment Act, 2023.

Earlier Entry 6 provided as follows: "Actionable claims, other than betting, gambling and lottery."

Amended Entry 6 provides as follows: "Actionable claims, other than specified actionable claims."

Thus, specified actionable claims qualify as supply. All other actionable claims are outside the ambit of definition of supply.

In order to define the term specified actionable claim, new clause (102A) has been inserted to section 2, which defines this term as follows:

Specified actionable claim means the actionable claim involved in or by way of—

- (i) betting;
- (ii) casinos;
- (iii) gambling;
- (iv) horse racing;
- (v) lottery; or
- (vi) online money gaming;

The terms online money gaming has been defined by the newly inserted clause (80B) to section 2, as follows:

Online money gaming means online gaming in which players pay or deposit money or money's worth, including virtual digital assets, in the expectation of winning money or money's worth, including virtual digital assets, in any event including game, scheme, competition or any other activity or process, whether or not its outcome or performance is based on skill, chance or both and whether the same is permissible or otherwise under any other law for the time being in force.

The terms online gaming and virtual digital asset used in the above definition have been defined by the newly inserted clauses (80A) and (117A) to section 2, as follows:

Online gaming means offering of a game on the internet or an electronic network and includes online money gaming [Section 2(80A)].

Virtual digital asset shall have the same meaning as assigned to it in section 2(47A) of the Income-tax Act, 1961 [Section 2(117A)]

The definition of supplier has been amended to incorporate a proviso which provides that a person who organises or arranges, directly or indirectly, supply of specified actionable claims, including a person who owns, operates or manages digital/electronic platform for such supply, shall be deemed to be a supplier of such actionable claims, whether such actionable claims are supplied by him or through him and whether consideration in money or money's worth, including virtual digital assets, for supply of such actionable claims is paid or conveyed to him or through him or placed at his disposal in any manner, and all the provisions of CGST Act shall apply to such supplier of specified actionable claims, as if he is the supplier liable to pay the tax in relation to the supply of such actionable claims.

The value of horse racing, casinos and online money gaming has been prescribed in the Valuation Rules.

15. Clarification on issues pertaining to taxability of personal guarantee and corporate guarantee in GST Circular No.204 Dated October 27, 2023]

Issue: Whether the activity of providing personal guarantee by the Director of a company to the bank/ financial institutions for sanctioning of credit facilities to the said company without any consideration will be treated as a supply of service or not and whether the same will attract GST or not.

Clarification: As per mandate provided by RBI in terms of Para 2.2.9 (C) of RBI's Circular No. RBI/2021-22/121 dated 9th November, 2021, no consideration by way of commission, brokerage fees or any other form, can be paid to the director by the company, directly or indirectly, in lieu of providing personal guarantee to the bank for borrowing credit limits. As such, when no consideration can be paid for the said transaction by the company to the director in any form, directly or indirectly, as per RBI mandate, there is no question of such supply/ transaction having any open market value. Accordingly, the open market value of the said transaction/ supply may be

treated as zero and therefore, taxable value of such supply may be treated as zero. In such a scenario, no tax is payable on such supply of service by the director to the company.

Issue: Whether the activity of providing corporate guarantee by a person on behalf of another related person, or by the holding company for sanction of credit facilities to its subsidiary company, to the bank/ financial institutions, even when made without any consideration will be treated as a taxable supply of service or not, and if taxable, what would be the valuation of such supply of services.

Clarification: Where the corporate guarantee is provided by a company to the bank/financial institutions for providing credit facilities to the other company, where both the companies are related, the activity is to be treated as a supply of service between related parties as per provisions of Schedule I of CGST Act, even when made without any consideration.

Similarly, where the corporate guarantee is provided by a holding company, for its subsidiary company, those two entities also fall under the category of ‘related persons’. Hence the activity of providing corporate guarantee by a holding company to the bank/financial institutions for securing credit facilities for its subsidiary company, even when made without any consideration, is also to be treated as a supply of service by holding company to the subsidiary company, being a related person, as per provisions of Schedule I of CGST Act.

In respect of such supply of services by a person to another related person or by a holding company to a subsidiary company, in form of providing corporate guarantee on their behalf to a bank/ financial institution, the taxable value will be determined as per rule 28 of CGST Rules.

16. Clarifications regarding applicability of GST on certain services

[Circular No. 206 Dated October 31, 2023]

Sr. No.	Issue	Clarification
1.	Whether ‘same line of business’ in case of passenger transport service and renting of motor vehicles includes leasing of motor vehicles without operators. 2.	Whether GST is applicable on reimbursement of electricity charges received by real estate companies, malls, airport operators etc. from their lessees/occupants.	whenever electricity is being supplied bundled with renting of immovable property and/ or maintenance of premises, as the case may be, it forms a part of composite supply and shall be taxed accordingly. The principal supply is renting of immovable property and/or maintenance of premise, as the case may be, and the supply of electricity is an ancillary supply as the case may be. Even if electricity is billed separately, the supplies will constitute a composite supply and therefore, the rate of the principal supply i.e. GST rate on renting of immovable property and/or maintenance of premise, as the case may be, would be applicable.

		However, where the electricity is supplied by the Real Estate Owners, Resident Welfare Associations (RWAs), Real Estate Developers etc. as a pure agent, it will not form part of value of their supply. Further, where they charge for electricity on actual basis that is, they charge the same amount for electricity from their lessees or occupants as charged by the State Electricity Boards or DISCOMs from them, they will be deemed to be acting as pure agent for this supply.
3. 4.	Whether District Mineral Foundations Trusts (DMFTs) set up by the State Governments are Governmental Authorities and thus eligible for the same exemptions from GST as available to any other Governmental Authority.	DMFT set up by the State Governments are Governmental Authorities and thus eligible for the same exemptions from GST as available to any other Governmental Authority.

Services provided by ‘Airbus Group India’ are Intermediary Services and liable to 18% GST Facts of the case:

Facts of the case:

The Appellant has approached Karnataka Appellate Authority for Advance Ruling in appeal for determination of issue as to whether the amount of services rendered by the appellant to Airbus SAS France would be construed as those of an intermediary as defined under Section 2(13) of the CGST Act, 2017, or otherwise. Airbus France has entered into an “Intra-Group Services Agreement” with effect from 1st April 2020 with the Appellant in terms of which the Appellant is required to perform two functions; i.e. (i) Procurement Operations and (ii) Procurement Transformation & Central Services. For the above said services, the Appellant would be remunerated with a service fee computed on a ‘cost plus mark-up’ basis.

In order to obtain a ruling on the classification of the service provided by them, the Appellant approached the Authority for Advance Ruling (AAR) seeking a ruling on the following question:

Whether the activities carried out by the Appellant in India would constitute a supply of “Other Support Services” falling under Heading 9985 or as “Intermediary Service” classifiable under Heading 9961/9962 or any other classification of services as specified under GST laws?

Whether the services rendered by the Appellant would not be liable to GST, owing to the reason that such services may qualify as “export of services” in terms of clause 6 of Section 2 of the IGST Act, 2017 and consequently, be construed as a ‘zero-rated supply’ in terms of Section 16 of the IGST Act? “

Order:

Section 13(8)(b) of the IGST Act, 2017 stipulates that the place of supply in the case of intermediary services will be the location of the supplier of service. In this case, the activity of the Appellant who is the supplier of intermediary service i.e. collection of information of parties in India, analysis of potential suppliers and skill development of existing suppliers, are all very much done in India, which is the location of the supplier of intermediary service. Therefore, by virtue of Section 13(8) (b) of the IGST Act, it automatically flows that the place of supply of the intermediary service provided by the Appellant to Airbus France, is in India. Therefore, the intermediary services provided by the Appellant to Airbus France, do not qualify as export of service. The Karnataka Appellate Authority of Advance Ruling (AAAR) ruled that the 18% GST applicable on Services Provided by Airbus Group as it qualifies as Intermediary services.

Lesson 13 - Concepts of Time, Value & Place of Taxable Supply

1. **GST applicability on liquidated damages, compensation and penalty arising out of breach of contract or other provisions of law**

(Circular No. 178/10/2022 - Central Tax dated August 03, 2022)

Taxability of liquidated damages is that where the amount paid as 'liquidated damages' is an amount paid only to compensate for injury, loss or damage suffered by the aggrieved party due to breach of the contract and there is no agreement, express or implied, by the aggrieved party receiving the liquidated damages, to refrain from or tolerate an act or to do anything for the party paying the liquidated damages, in such cases liquidated damages are mere a flow of money from the party who causes breach of the contract to the party who suffers loss or damage due to such breach. Such payments do not constitute consideration for a supply and are not taxable.

Brief Analysis

As per this circular, GST on payments like liquidated damages paid for breach of contract; Penalty paid by a mining company to State Government for unaccounted stock of river bed material; Late payment charges collected by any service provider for late payment of bill etc. do not constitute consideration for a supply and are not taxable. If a payment constitutes a consideration for a supply, then it is taxable irrespective of by what name it is called; the payment is merely an event in the course of the performance of the agreement and it does not represent the 'object', as such, of the contract then it cannot be considered 'consideration. Further, cancellation charges of railway tickets for a class would attract GST at the same rate as applicable to the class.

9. Place of supply of goods purchased Over the Counter in one State and transported to another State by the buyer [Section 10 of the IGST Act amended]

There are cases where an unregistered person purchases goods over the counter (OTC) in one State and thereafter, transports the goods to another State (generally, the State where he resides). For instance, migrant workers, tourists, etc. who come to a State for work, tourism, etc. and purchase goods in that State to take it to their respective State. Similarly, in automobile sector, the residents of a State may travel to another State to purchase vehicle from that State to take advantage of lower registration charges and road tax, which vary from State to State and thereafter, take the vehicle to their State.

For bringing in clarity in respect of the determination of place of supply (POS) in such cases, with effect from 01.10.2023, IGST Amendment Act, 2023 has amended section 10 of the IGST Act to insert new clause (ca) in said section which provides as follows:

Where the supply of goods is made to a person other than a registered person, the place of supply shall, notwithstanding anything contrary contained in clause (a) or clause (c) of section 10, be the location as per the address of the said person recorded in the invoice issued in respect of the said supply and the location of the supplier where the address of the said person is not recorded in the invoice.

For the purposes of this clause, recording of the name of the State of the said person in the invoice shall be deemed to be the recording of the address of the said person.

10. Clarification regarding place of supply in case of supply of services in respect of advertising sector

Advertising companies are often involved in procuring space on hoardings/ bill-boards erected and mounted on buildings/land, in different States, from various suppliers ("vendors") for providing advertisement services to its corporate clients. There may be variety of arrangements between the advertising company and its vendors as below:

Issue: There may be a case wherein there is supply (sale) of space or supply (sale) of rights to use the space on the hoarding/ structure (immovable property) belonging to vendor to the client/advertising company for display of their advertisement on the said hoarding/ structure. What will be the place of supply of services provided by the vendor to the advertising company in such case?

Clarification: The hoarding/structure erected on the land should be considered as immovable structure or fixture as it has been embedded in earth. Further, place of supply of any service provided by way of supply (sale) of space on an immovable property or grant of rights to use an immovable property shall be governed by the provisions of section 12(3)(a) of the IGST Act.

As per section 12(3)(a) of the IGST Act, the place of supply of services directly in relation to an immovable property, including services provided by architects, interior decorators, surveyors, engineers and other related experts or estate agents, any service provided by way of grant of rights to use immovable property or for carrying out or coordination of construction work shall be the location at which the immovable property is located.

Therefore, the place of supply of service provided by way of supply of sale of space on hoarding/ structure for advertising or for grant of rights to use the hoarding/ structure for advertising in this case would be the location where such hoarding/ structure is located.

Issue: There may be another case where the advertising company wants to display its advertisement on hoardings/ billboards at a specific location availing the services of a vendor. The responsibility of arranging the hoardings/ billboards lies with the vendor who may himself own such structure or may be taking it on rent or rights to use basis from another person. The vendor is responsible for display of the advertisement of the advertising company at the said location.

During this entire time of display of the advertisement, the vendor is in possession of the hoarding/structure at the said location on which advertisement is displayed and the advertising company is not occupying the space or the structure. In this case, what will be the place of supply of such services provided by the vendor to the advertising company?

Clarification: In this case, as the service is being provided by the vendor to the advertising company and there is no supply (sale) of space/ supply (sale) of rights to use the space on hoarding/structure (immovable property) by the vendor to the advertising company for display of their advertisement on the said display board/structure, the said service does not amount to sale of advertising space or supply by way of grant of rights to use immovable property.

Accordingly, the place of supply of the same shall not be covered under section 12(3)(a) of IGST Act. Vendor is in fact providing advertisement services by providing visibility to an advertising company's advertisement for a specific period of time on his structure possessed/taken on rent by him at the specified location.

Therefore, such services provided by the vendor to advertising company are purely in the nature of advertisement services in respect of which place of supply shall be determined in terms of section 12(2) of IGST Act.

Lesson 14 - Input Tax Credit and Computation of GST Liability-Overview

1. Clarification in respect of certain GST related issues

Circular No. 160/16/2021 – GST, dated September 20, 2021

In order to ensure uniformity in the implementation of the provisions of the law across field formations, the Board, in exercise of its powers conferred by section 168(1) of the Central Goods and Services Tax Act, 2017, hereby clarifies each of these issues as under:

S. No.	Issue	Clarification
1.	<p>Section 16 (4), as amended with effect from 01.01.2021, provides that a registered person shall not be entitled to take input tax credit in respect of any invoice or debit note for supply of goods or services or both after the due date of furnishing of the return under section 39 for the month of September following the end of financial year to which such invoice or debit note pertains or furnishing of the relevant annual return, whichever is earlier.</p> <p>Doubts have been raised seeking following clarification:</p> <ol style="list-style-type: none"> 1. Which of the following dates are relevant to determine the ‘financial year’ for the purpose Of section 16(4): <ol style="list-style-type: none"> (a) date of issuance of debit note, or date of issuance of underlying invoice. 2. Whether any availment of input tax credit, on or after 01.01.2021, in respect of debit notes issued either prior to or after 01.01.2021, will be governed by the provisions of the amended section 16(4), or The amended provision will be applicable only in respect of the debit notes issued after 01.01.2021? 	<ol style="list-style-type: none"> 1. With effect from 01.01.2021, section 16(4) of the CGST Act, 2017 was amended <i>vide</i> the Finance Act, 2020, so as to delink the date of issuance of debit note from the date of issuance of the underlying invoice for purposes of availing input tax credit. The amendment made is shown as below: <i>“A registered person shall not be entitled to take input tax credit in respect of any invoice or debit note for supply of goods or services or both after the due date of furnishing of the return under section 39 for the month of September following the end of financial year to which such invoice or invoice relating to such debit note pertains or furnishing of the relevant annual return, whichever is earlier.”</i> <p>As can be seen, the words “invoice relating to such” were omitted w.e.f. 01.01.2021.</p> <ol style="list-style-type: none"> 2. The intent of law as specified in the Memorandum explaining the Finance Bill, 2020 states that <i>“Clause 118 of the Bill seeks to amend sub-section (4) of section 16 of the Central Goods and Services Tax Act so as to delink the date of issuance of debit note from the date of issuance of the underlying invoice for purposes of availing input tax credit.</i> 3. Accordingly, it is clarified that: <ol style="list-style-type: none"> a) w.e.f. 01.01.2021, in case of debit notes, the date of issuance of debit note (not the date of underlying invoice) shall determine the relevant financial year for the purpose of section 16(4) of the CGST Act. <p>The availment of ITC on debit notes in respect of amended provision shall be applicable from 01.01.2021. Accordingly, for availment of ITC on or after 01.01.2021, in respect of debit notes issued either prior to or after 01.01.2021, the eligibility for availment of ITC will be governed by the amended provision of section 16(4), whereas any ITC availed prior to 01.01.2021, in respect of debit notes, shall be governed under the provisions of section 16(4), as it existed before the said amendment on 01.01.2021.</p>

		<p>Illustration 1. A debit note dated 07.07.2021 is issued in respect of the original invoice dated 16.03.2021. As the invoice pertains to F.Y. 2020-21, the relevant financial year for availment of ITC in respect of the said invoice in terms of section 16(4) of the CGST shall be 2020-21. However, as the debit note has been issued in FY 2021-22, the relevant financial year for availment of ITC in respect of the said debit note shall be 2021-22 in terms of amended provision of section 16(4) of the CGST Act.</p> <p>Illustration 2. A debit note has been issued on 10.11.2020 in respect an invoice dated 15.07.2019.</p> <p>b) As per amended provision of section 16(4), the relevant financial year for availment of input tax credit on the said debit note, on or after 01.01.2021, will be FY 2020-21 and accordingly, the registered person can avail ITC on the same till due date of furnishing of FORMGSTR-3B for the month of September, 2021 or furnishing of the annual return for FY 2020-21, whichever is earlier.</p>
<p>2.</p>	<p>Whether carrying physical copy of invoice is compulsory during movement of goods in cases where suppliers have issued invoices in the manner prescribed under rule 48 (4) of the CGST Rules, 2017 (i.e. in cases of e-invoice).</p>	<ol style="list-style-type: none"> 1. Rule 138A (1) of the CGST Rules, 2017 <i>inter-alia</i>, provides that the person in charge of a conveyance shall carry— <ol style="list-style-type: none"> (a) the invoice or bill of supply or delivery challan, as the case may be; and (b) a copy of the e-way bill or the e-way bill number, either physically or mapped to a Radio Frequency Identification Device embedded on to the conveyance in such manner as may be notified by the Commissioner. 2. Further, rule 138A (2) of CGST Rules, after being amended <i>vide</i> notification No. 72/2020- Central Tax dated 30.09.2020, states that “<i>In case, invoice is issued in the manner prescribed under sub-rule (4) of rule 48, the Quick Reference (QR) code having an embedded Invoice Reference Number (IRN) in it, may be produced electronically, for verification by the proper officer in lieu of the physical copy of such tax invoice</i>”. 3. A conjoint reading of rules 138A (1) and 138A (2) of CGST Rules, 2017 clearly indicates that there is no requirement to carry the physical copy of tax invoice in cases where e-invoice has been generated by the supplier. After amendment, the revised rule 138A (2) states in unambiguous words that whenever e-invoice has been generated, the Quick Reference (QR) code, having an embedded Invoice Reference Number (IRN) in it, may be produced electronically for verification by the proper officer in lieu of the physical copy of such tax invoice.

		<p>4. Accordingly, it is clarified that there is no need to carry the physical copy of tax invoice in cases where invoice has been generated by the supplier in the manner prescribed under rule 48(4) of the CGST Rules and production of the Quick Response (QR) code having an embedded Invoice Reference Number (IRN) electronically, for verification by the proper officer, would suffice.</p>
<p>3.</p>	<p>Whether the first proviso to section 54(3) of CGST / SGST Act, prohibiting refund of unutilized ITC is applicable in case of exports of goods which are having NIL rate of export duty.</p>	<ol style="list-style-type: none"> 1. The term ‘subjected to export duty’ used in first proviso to section 54(3) of the CGST Act, 2017 means where the goods are actually leviable to export duty and suffering export duty at the time of export. Therefore, goods in respect of which either NIL rate is specified in Second Schedule to the Customs Tariff Act, 1975 or which are fully exempted from payment of export duty by virtue of any customs notification or which are not covered under Second Schedule to the Customs Tariff Act, 1975, cannot be considered to be subjected to any export duty under Customs Tariff Act, 1975. 2. Accordingly, it is clarified that only those goods which are actually subjected to export duty i.e., on which some export duty has to be paid at the time of export, will be covered under the restriction imposed under section 54(3) from availment of refund of accumulated ITC. 3. 6. Clarification on charging of interest under section 50(3) of the CGST Act, 2017, in cases of wrong availment of IGST credit and reversal thereof [Circular No. 192 Dated July 17, 2023]

Issue	Clarification
<p>In the cases of wrong availment of IGST credit by a registered person and reversal thereof, for the calculation of interest under rule 88B of CGST Rules, whether the balance of input tax credit available in electronic credit ledger under the head of IGST only needs to be considered or total input tax credit available in electronic credit ledger, under the heads of IGST, CGST and SGST taken together, has to be considered.</p>	<p>Since the amount of input tax credit available in electronic credit ledger, under any of the heads of IGST, CGST or SGST, can be utilized for payment of liability of IGST, it is the total input tax credit available in electronic credit ledger, under the heads of IGST, CGST and SGST taken together, that has to be considered for calculation of interest under rule 88B of CGST Rules and for determining as to whether the balance in the electronic credit ledger has fallen below the amount of wrongly availed input tax credit of IGST, and to what extent the balance in electronic credit ledger has fallen below the said amount of wrongly availed credit.</p> <p>Thus, in the cases where IGST credit has been wrongly availed and subsequently reversed on a certain date, there will not be any interest liability under sub-section (3) of section 50 of CGST Act if, during the time period starting from such availment and up to such reversal, the balance of input tax credit (ITC) in the electronic credit ledger, under the heads of IGST, CGST and SGST taken together, has never fallen below the amount of such wrongly availed ITC, even if available balance of IGST credit in electronic credit ledger individually falls below the amount of such wrongly availed IGST credit. However, when the balance of ITC, under the heads of IGST, CGST and SGST of electronic credit ledger taken together, falls below such wrongly availed amount of IGST credit, then it will amount to the utilization of such wrongly availed IGST credit and the extent of utilization will be the extent to which the total balance in electronic credit ledger under heads of IGST, CGST and SGST taken together falls below such amount of wrongly availed IGST credit, and will attract interest as per sub-section (3) of section 50 of CGST Act, read with section 20 of Integrated Goods and Services Tax Act, 2017 and sub-rule (3) of rule 88B of CGST Rules.</p>
<p>Whether the credit of compensation cess available in electronic credit ledger shall be taken into account while considering the balance of electronic credit ledger for the purpose of calculation of interest under sub-rule (3) of rule 88B of CGST Rules in respect of wrongly availed and utilized IGST, CGST or SGST credit.</p>	<p>As per proviso to section 11 of Goods and Services Tax (Compensation to States) Act, 2017, input tax credit in respect of compensation cess on supply of goods and services leviable under section 8 of the said Act can be utilised only towards payment of compensation cess leviable on supply of goods and services. Thus, credit of compensation cess cannot be utilized for payment of any tax under CGST or SGST or IGST heads and/ or reversals of credit under the said heads.</p> <p>Accordingly, credit of compensation cess available in electronic credit ledger cannot be taken into account while considering the balance of electronic credit ledger for the purpose of calculation of interest under sub-rule (3) of rule 88B of CGST Rules in respect of wrongly availed and utilized IGST, CGST or SGST credit.</p>

<p>There are cases where the original equipment manufacturer offers warranty for the goods supplied by him to the customer and provides replacement of parts and/ or repair services to the customer during the warranty period, without separately charging any consideration at the time of such replacement/ repair services. Whether GST would be payable on such replacement of parts or supply of repair services, without any consideration from the customer, as part of warranty?</p>	<p>The value of original supply of goods (provided along with warranty) by the manufacturer to the customer includes the likely cost of replacement of parts and / or repair services to be incurred during the warranty period, on which tax would have already been paid at the time of original supply of goods.</p> <p>As such, where the manufacturer provides replacement of parts and/ or repair services to the customer during the warranty period, without separately charging any consideration at the time of such replacement/ repair services, no further GST is chargeable on such replacement of parts and/ or repair service during warranty period. However, if any additional consideration is charged by the manufacturer from the customer, either for replacement of any part or for any service, then GST will be payable on such supply with respect to such additional consideration.</p>
<p>Whether in such cases, the manufacturer is required to reverse the input tax credit in respect of such replacement of parts or supply of repair services as part of warranty, in respect of which no additional consideration is charged from the customer?</p>	<p>In such cases, the value of original supply of goods (provided along with warranty) by the manufacturer to the customer includes the likely cost of replacement of parts and/ or repair services to be incurred during the warranty period. Therefore, these supplies cannot be considered as exempt supply and accordingly, the manufacturer, who provides replacement of parts and/ or repair services to the customer during the warranty period, is not required to reverse the input tax credit in respect of the said replacement parts or on the repair services provided</p>
<p>Whether GST would be payable on replacement of parts and/ or repair services provided by a distributor without any consideration from the customer, as part of warranty on behalf of the manufacturer?</p>	<p>There may be instances where a distributor of a company provides replacement of parts and/ or repair services to the customer as part of warranty on behalf of the manufacturer and no separate consideration is charged by such distributor in respect of the said replacement and/ or repair services from the customer. However, as per the present provisions of the CGST Act and CGST Rules, it is not mandatory for the HO to distribute such input tax credit by ISD mechanism. HO can also issue tax invoices under section 31 of CGST Act to the concerned BOs in respect of common input services procured from a third party by HO but attributable to the said BOs and the BOs can then avail ITC on the same subject to the provisions of section 16 and 17 of CGST Act.</p> <p>In case, the HO distributes or wishes to distribute ITC to BOs in respect of such common input services through the ISD mechanism as per the provisions of section 20 of CGST Act read with rule 39 of the CGST Rules, HO is required to get itself registered mandatorily as an ISD in accordance with Section 24(viii) of the CGST Act.</p> <p>Further, such distribution of the ITC in respect a common input services procured from a third party can be made by the HO to a BO through ISD mechanism only if the said input services are attributable to the said BO or have actually been provided to the said BO. However, HO may not be issuing tax invoice to the concerned BOs with respect to such services, or the HO may not be including the cost of a particular component such as salary cost of employees involved in providing said services while issuing tax invoice to BOs for the services provided by HO to BOs. Whether the</p>	<p>The value of supply of services made by a registered person to a distinct person needs to be determined as per rule 28 of CGST Rules, read with sub-section (4) of section 15 of CGST Act. As per clause (a) of rule 28, the value of supply of goods or services or both between distinct persons shall be the open market value of such supply. The second proviso to rule 28 of CGST Rules provides that where the recipient is eligible for full input tax credit, the value declared in the invoice shall be deemed to be the open market value of the goods or services. Accordingly, in respect of supply of services by HO to BOs, the value of the said supply of services declared in the invoice by HO shall be deemed to be open market value of such services, if the recipient BO is eligible for full input tax credit.</p>

<p>HO is mandatorily required to issue invoice to BOs under section 31 of CGST Act for such internally generated services, and/ or whether the cost of all components including salary cost of HO employees involved in providing the said services has to be included in the computation of value of services provided by HO to BOs when full input tax credit is available to the concerned BOs.</p>	<p>Accordingly, in cases where full input tax credit is available to a BO, the value declared on the invoice by HO to the said BO in respect of a supply of services shall be deemed to be the open market value of such services, irrespective of the fact whether cost of any particular component of such services, like employee cost etc., has been included or not in the value of the services in the invoice.</p> <p>Further, in such cases where full input tax credit is available to the recipient, if HO has not issued a tax invoice to the BO in respect of any particular services being rendered by HO to the said BO, the value of such services may be deemed to be declared as Nil by HO to BO, and may be deemed as open market value in terms of second proviso to rule 28 of CGST Rules.</p>
<p>In respect of internally generated services provided by the HO to BOs, in cases where full input tax credit is not available to the concerned BOs, whether the cost of salary of employees of the HO involved in providing said services to the BOs, is mandatorily required to be included while computing the taxable value of the said supply of services provided by HO to BOs.</p>	<p>In respect of internally generated services provided by the HO to BOs, the cost of salary of employees of the HO, involved in providing the said services to the BOs, is not mandatorily required to be included while computing the taxable value of the supply of such services, even in cases where full input tax credit is not available to the concerned BO.</p>

CASE LAWS

February 16, 2021	M/s. Ram Auto (Appellant) vs. Commissioner of Central Taxes & Central Excise	Madras High Court
-------------------	--	-------------------

Benefit of Input Tax Credit (ITC) cannot be denied on account of having entered details in the wrong column.

Facts of the case:

The Appellant was a dealer in two-wheelers. The Assessee was registered under Tamil Nadu Value Added Tax Act, 2006. The Appellant was having ITC to the tune of Rs. 4,85,684/-. Following the introduction of the GST regime, transition and migrations from the earlier system had to be made under which the appellant was required to file the necessary Form GST TRAN-1. While filing the said Form, instead of entering the details under column 7(a), the petitioner erroneously entered the details against column 7(d). The column 7(d) would apply only in cases of stock of goods not supported by invoices/documents evidencing payment of tax. While the appellant was very much having the necessary invoices/documents evidencing payment of tax, since the appellant did not

enter the details correctly, the consequential credit under the new GST regime was not given. The appellant submitted a request wherein it pointed out that the mistake committed by them was purely inadvertent. As a result, the appellant was not able to adjust the claimed credit amount against their present liability.

Decision:

The Madras High Court held that the benefit of Input Tax Credit (ITC) cannot be denied for having entered the details in the wrong column.

ITC is not available on input or input services procured for promotional schemes

Facts of the case:

The Appellant was engaged in the business of manufacture and supply of ghee and other products and sold products through various retail stores across the country. With the objective of expanding the market share, the appellant had launched a sales promotional offer to enhance sales of its products. It filed an application for advance ruling to determine whether ITC would be eligible on inputs/input services procured to implement promotional scheme.

Decision:

The Appellate Authority for Advance Ruling Ruled that inputs or input services procured for a promotional scheme of products are not qualified for ITC. Goods and services distributed under promotional scheme were without consideration and those goods and services were not for further supply but for consumption by retailers under scheme. Moreover, the inputs and input services procured by appellant were for his buyers provided as rewards and not for his own activity such as advertising product. Since, the rewards extended to retailers/stockist under scheme were not in nature of discount; Therefore, Input Tax Credit of GST paid on such inputs/input services procured would not be available.

20. Clarification on TCS liability under Section 52 of the CGST Act, 2017 in case of multiple E-commerce Operators in one transaction. [Circular No. 194 Dated July 17, 2023]

Issue 1: In a situation where multiple ECOs are involved in a single transaction of supply of goods or services or both through ECO platform and where the supplier-side ECO himself is not the supplier in the said supply, who is liable for compliances under section 52 including collection of TCS?

Buyer – Buyer Side ECO – Supplier side ECO - Supplier

Clarification: In such a situation where multiple ECOs are involved in a single transaction of supply of goods or services or both through ECO platform and where the supplier-side ECO himself is not the supplier of the said goods or services, the compliances under section 52 of CGST Act, including collection of TCS, is to be done by the supplier-side ECO who finally releases the payment to the supplier for a particular supply made by the said supplier through him.

e.g.: Buyer-side ECO collects payment from the buyer, deducts its fees/commissions and remits the balance to Seller-side ECO. Here, the Seller-side ECO will release the payment to the supplier after deduction of his fees/commissions and therefore will also be required to collect TCS, as applicable and pay the same to the Government in accordance with section 52 of CGST Act and also make other compliances under section 52 of CGST Act.

In this case, the Buyer-side ECO will neither be required to collect TCS nor will be required to make other compliances in accordance with section 52 of CGST Act with respect to this particular supply.

Issue 2: In a situation where multiple ECOs are involved in a single transaction of supply of goods or services or both through ECO platform and the Supplier-side ECO is himself the supplier of the said supply, who is liable for compliances under section 52 including collection of TCS?

Buyer – Buyer Side ECO – Supplier (also an ECO)

Clarification: In such a situation, TCS is to be collected by the Buyer-side ECO while making payment to the supplier for the particular supply being made through it. e.g. Buyer-side ECO collects payment from the buyer, deducts its fees and remits the balance to the supplier (who is itself an ECO as per the definition in Sec 2(45) of the CGST Act). In this scenario, the Buyer-side ECO will also be required to collect TCS, as applicable, pay the same to the Government in accordance with section 52 of CGST Act and also make other compliances under section 52 of CGST Act.
