

“To develop high calibre professionals facilitating good corporate governance.”

Having the vision “to be a global leader in promoting good corporate governance” finds its achievement in the success of the mission stated above. The Institute of Company Secretaries of India in its more than five decades of presence, has pursued numerous activities and initiatives to build the academic knowledge and professional capabilities of its members.

At the same time, the thought of their holistic development including personal well-being, health & welfare has been in our sight and taken care of through continuous dedicated attempts. The creation and launch of the Company Secretaries Benevolent Fund or CSBF in the year 1976 was one of the largest social initiatives of the ICSI, bringing together members to support each other in times of need.

The initiative connected all the members of the Institute irrespective of their seniority, their place of belonging, state or city; and created a nexus of care and support. It became our silent way of telling each other, that no matter where we are – none of us is alone – and we are in this together.

Over the years, we have launched various schemes, signed MOUs for health insurance, for travel & tourism; have established a blood bank too, and intend to do a lot more. It is with this intent that it was thought fit to collate the details of all such schemes in one place and document the same for the usage of our stakeholders.

I commend the efforts placed in by Mr. Sajeevan P., Joint Director under the guidance of Ms. Preeti K. Banerjee, Joint Secretary, Directorate of Human Resources and the overall stewardship of CS Asish Mohan, Secretary, The ICSI in bringing out this document.

I am hopeful that our stakeholders – our members and employees, are able to reap maximum benefits of these services.
